

IVCCD Communication Plan

Background

IVCCD is committed to improving its communications for the benefit of all stakeholder groups. Frequent, effective and transparent communication is one of our institution's core values.

This internal communication plan is reviewed annually by the Administrative Leadership Team (ALT) and updated as appropriate based on results of a Communication Survey administered to all employees each spring. Our goals are 1) continually improve employee satisfaction with internal communications as measured by the annual communication survey; 2) acknowledge and make use of employee preferences for communication format/frequency/content to the greatest extent possible, and 3) implement as many employee suggestions for improved communication as possible.

Internal unit-specific communications are handled at the unit level and are not included in this districtwide communication plan. Units are encouraged to share information with other internal groups as appropriate.

Fall Staff Day

This annual all-employee meeting is held alternately on the ECC or MCC campus prior to the start of each fall term. The agenda is determined by the Administrative Leadership Team, the Employee Recognition Committee and others as required.

Employees are responsible for viewing items and acting on information as needed.
