

Verification of FAFSA application data

A student selected for verification must comply with the guidelines as outlined below. Students may be selected for verification by the U.S. Department of Education or Marshalltown Community College. The verification process is mandated by the U.S. Department of Education.

Some students are selected for a specific reason and others are randomly chosen. The process is designed to ensure that the data on the FAFSA is complete and accurate. If the student is notified by the MCC Financial Aid Office to complete the verification process, the following must be noted:

- A. The student and parent/spouse are responsible for providing supporting data including:
 - a. Completed verification worksheet(s)
 - b. Copies of tax return transcripts for both student and parent/spouse, and
 - c. Other required documentation as requested by the office of financial aid.
- B. This data is urgent and must be provided immediately.
- C. Failure to provide this data in a timely manner can result in the loss of campus based federal funds to the student.
- D. Financial assistance will not be credited to the student's account until this process is completed.

Campus based federal funds will not be reserved if a student fails to complete the verification process in a timely manner. Marshalltown Community College will not guarantee availability of campus based funds if a student fails to complete the verification process in a timely manner.
