

Email to Parents – Concurrent Enrollment Students

*Instructions: Send to parents of students who have taken concurrent enrollment courses during their high school career. This should be sent prior to graduation.*

To: Parents of students taking concurrent enrollment classes

From: School counselor

Subject: Your Child's Journey to Success: Consider MCC

Dear Parents,

We hope this email finds you well.

We're writing to you today to celebrate your child's significant achievement – they have already started their college journey by taking concurrent enrollment through the high school. By taking advantage of this opportunity, your child has already demonstrated a strong work ethic, dedication, and a commitment to their future.

As your child continues their academic journey, we encourage you to consider Marshalltown Community College (MCC) for their next steps. Both colleges offer a wide range of programs and courses, providing a seamless transition from high school to higher education.

**Here's why MCC could be a great fit for your child:**

- **Familiar Environment:** Your child is already familiar with the college environment, instructors, and support services.
- **Smaller Class Sizes:** Students receive more personalized attention from professors.
- **Affordable Tuition:** MCC offer competitive tuition rates, making higher education more accessible.
- **Transfer Opportunities:** Easily transfer credits to four-year institutions.

Your child has a lot of options for their post-secondary career. We believe that by choosing ECC or MCC, your child can set themselves up for success in their future endeavors.

To learn more about the opportunities available at MCC, please visit their websites or contact their admissions offices.

We wish your child continued success in their academic journey.

Sincerely,

[Your Name] [Your Title] [School Name] [Contact Information]
